There is a cost of £3 per car for parking. Please try to have the correct change with you.

We have reserved car parking space for larger vehicles, camper vans and the like. Please park where directed by the marshals.

There is to be no rider/ spectator parking in the car park adjacent to the main building. This is reserved for other visitors to the venue as the site will still be open to the public on the day. No riding of bikes through the car park.

## Registration

Sign on and timing chip collection will be in the front of the main building (room facing the car park).

Sign on will be from 8.30 am.

Sign on will be managed in blocks of races in order to minimise queues and congestion at the sign on desks. Remember only Under 12's can enter on the day. For everyone else you should have pre-entered otherwise you will not be on the list and will not be racing.

Numbers – **you DO NOT need your normal league number**. Numbers are being supplied specifically for the Regional Championships. You will collect this number when you sign on.

Collect your number first and then your timing chip.

You can keep the rider number once you have raced, and **afterwards remember to return your timing chip!**

## HQ Facilities

**Toilets** – toilets are available in the main building. Additional temporary toilets are being provided for the event and will be located adjacent to the main building. There are no specific changing facilities and there are no showers available.

**Refreshments** – our hosts Cob House Country Park will be serving food and drinks from the Mayfly Café. They will also be serving a selection of hot drinks, soup, pork rolls and the like from the external serving counter so you don't miss a minute of the action.

Please note that muddy shoes are not to be worn inside the main building and should be removed and left in the entrance lobby.

**Ponds** – the site is a fishing venue with a number of large ponds but on event day there is no fishing taking place.

**All children are the responsibility of their parent/ guardian and must be supervised at all times**, especially if watching the racing on the far side of the site where the greater number of ponds are located. Stay away from pond edges and do not run on the paths.

Spectators can access the far side of the site but should use the concrete access bridge and NOT the wooden footbridges as the race course uses these. Please abide by event signage and the instructions of the marshals.

There will be a bike wash within a short distance of the pits. **Due to the nature of the site water only is to be used (no cleaning products or agents)**. There are water taps located near the main building and by the main car park.
